

CIO Council Endorses White, Lewis, Benstead

Three candidates for the Torrance City Council, one candidate for the Lakewood City Council, and the airport bond issue have been endorsed by the Greater Los Angeles CIO Council, according to Albert T. Lunceford, secretary-treasurer. Endorsed for the Torrance City Council, on recommendation of the Council's Harbor PAC Committee, were: Victor E. Benstead Jr., 1621

Beach, Torrance, a resident of that city since 1921, a member of Walteria Businessmen's association, and the American Legion and chairman of the Civil Service Commission of Torrance. Gordon A. Lewis, Box 264, Torrance, who has served his local 1-519 Oil Chemical and Atomic Workers as secretary-treasurer for four successive terms. Lewis has been a resi-

Tennis Club To Meet Wed.

The monthly meeting of the Hollywood Riviera Section of the Torrance Tennis club will be held on April 11 at El Retiro park from 8-10 p.m. Sponsored by the Torrance Recreation Department, the group is in the process of adopting a Constitution and By-Laws, and setting up court rules for use of the El Retiro courts. Membership is open to anyone interested in playing tennis himself and in promoting the game among the children of Torrance.

NIGHT RIDING SKYRAY

After the F4D takes a 40 mile an hour trip to International Airport for installation of its engine, it will be ready to leave the ground and fly at supersonic speeds in its natural element.

F4D Skyray Takes Trailer Ride Before Roaring Off

A 25-minute night ride on a Douglas designed and built trailer is the supersonic F4D's first trip after it leaves the assembly line at the Torrance Location of Douglas Aircraft's El Segundo division. The trailer carries the Navy's Skyray interceptor to International Airport for installation of its powerful J-57 engine and radar equipment. Trucking airplanes is not a new experience for the El Segundo Division's Transportation Department. Since World War II, millions of dollars

worth of Douglas airplanes have been moved successfully from one place to another without the slightest mishap.

These movements are so well organized that it is possible to carry four airplanes a night between the two locations. Ward Woodley, general foreman, makes precise arrangements for each trip. Permits are obtained from the city of Los Angeles and the city of Inglewood. Both city and county fire departments also are alerted along the route.

At the time of departure, Transportation and Plant Protection provide four escort cars, with revolving red lights, to drive ahead and behind the trailer. An inspector from the Los Angeles Moving Office also joins the convoy. To provide maximum safety for the valuable load, the cars are constantly in touch with the truck driver by radio.

Enroute to the airport, State Police and Los Angeles Police cars cruise ahead of the convoy to alert late driving motorists.

Because of the unique design of the trailer, which permits the airplane to roll on and off the bed, no lifting equipment is needed.

Dealers Will Attend Retail Lumber Meeting

A large turnout of Torrance lumber dealers was predicted today for the 39th annual convention of the Southern California Retail Lumber Association, April 17-19 in the Los Angeles Ambassador hotel.

Association heads said the following are expected to take active parts in the convention proceedings:

Stanley Arthurs, owner, Arthurs Lumber and Building Materials, 20901 Hawthorne Blvd.; M. R. Beck and H. K. Beck, owners, Beck Lumber Co., Inc., 22035 South Main street. Harvey Stern, manager, Cleveland Wrecking Co., 21932 South Avalon Blvd.; Jack Brooks, owner, Joslin Lumber Co., 1782 West Carson St.; J. Phillips, D. Horlander, T. Ward and F. Dunham, owners, Paramount Builders Supply Corp., 3401 Torrance Blvd.; A. H. Silige, owner-manager, Torrance Lumber Co., 1752 Border ave.

Orrie W. Hamilton, executive vice president of the Association, said building material dealers of this city will hear talks on the California wood supply of the future, methods to cut the tax load and reduction of building costs.

The responsibility of business men as citizens, trends in material handling and many other topics are programmed. Numerous lunches, dinners and entertainment features for dealers and wives are announced.
